

San Pasqual Battlefield & Palomar Mountain District (BSA)* (Formerly the Kit Carson District)

This patch is still available through the San Pasqual Battlefield Volunteer Association/State Park Visitors Center. They will continue to issue this patch to those who have completed the requirements and submitted payment. This should be considered a highly collectable patch as BSA will not allow the further production of these patches as they have objections with the depiction of battle in the current design. When the current supply of patches have been exhausted, a new patch will be designed which will include "Palomar Mountain District" on its border, and will not depict battle on the battlefield. The current patch may be obtained by completing the listed activities and answering the following questions:

1. Visit the San Pasqual Battlefield State Park while in uniform.
2. After viewing the video "Mr. Polk's War," at the visitor's center and talking with the park's interpreter/docents, answer the following questions.
 - A. What was the term that was circulating around the United States that describes the idea that the country was supposed to eventually be one nation, from coast to coast?
 - B. When did the war with Mexico begin? When was the Battle of San Pasqual?
 - C. Who was the American general who fought with the Californios at the Battle of San Pasqual?
 - D. Who was the leader of the Californios at the Battle of San Pasqual who would later serve as a California state senator?
 - E. Both sides claimed victory. In what way were the Californios the victors and in what way could the American dragoons claim victory?
 - F. After the battle, the American army dragoons eventually ended up on a hill near the Westfield Mall and Interstate 15. What name did they give that hill and why?
 - G. What are the names of two of the men who snuck away from the American's encircled hill position and made their way to San Diego to get reinforcements from Commodore Stockton?
 - H. Explain Kit Carson's contributions to General Kearny and the Army of the West.
 - I. Name the battalion that arrived in San Diego in January of 1847 that would strengthen the claim of the dragoon commander in his rightful position as military governor of California over that of John C. Fremont.
 - I. Why were Stephen Watts Kearny's actions in California important to the stability of California?
 - J. Observe the monuments and plaques located behind the amphitheater and .4 miles west along highway 78. What is written on the plaques?
3. Hike the San Dieguito River 7 mile trail from the trailhead at Ysabel Creek Rd/Bandy Canyon Rd to Mule Hill. A map of this segment can be found at the San Dieguito River Park website: http://www.sdrp.org/images/mule_hill_trailmap.jpg
4. Submit your correct answers and the following form to one of the volunteers at the desk of the battlefield park's visitor's center with your answer sheets and \$4.00.
